

The Souls of Your Feet: A Tap Dance Guidebook for Rhythm Explorers By Acia Gray

Kindle The Souls of Your features

Acia Gray has compiled and documented so much of the tap dance nomenclature in The Souls of Your Feet that it should now be clear to everyone that this artform is so deep it takes a lifetime to master and yet we're still not finished inventing it. **From the depths of the soul** (Brenda Bufalino The American Tap Dance Orchestra: New York City) The Souls of Your Feet: A Tap Dance Guidebook for Rhythm Explorers I had the privilege very recently to meet the tap legend Acia Gray upon her returning to teach her first class at the studio she co founded in 1989 here in Austin TX, **The Souls of Your Feet publishing** The teacher the scholar and the dancer in search of identification and clarification of tap terms and basic rhythm structures will find Ms, **Book The Souls of Your feet by john** I happened over to Tapestry this summer as a teacher to keep my tap skills fresh and found the Paperback This book is a must for beginners: **Book The Souls of Your feet and legs** The concepts if taught from the beginning carry the dancer easily into the advanced levels: **Book The Souls of Your feet and legs** Those who do not like the book are struggling with their own closed minds not any shortcomings on Ms, **The Souls of Your feetworth** This book is very easy to follow but impossible to read without tapping your feet: **The Souls of Your feetuo** I have been tap dancing most of my adult life and I wish I read this book earlier. **Book The Souls of Your feet and feet** I especially love the wide range of terminology and breakdown of Paperback Content hard to follow. Gray's vast and inclusive guide a very helpful resource. Ms. Gray's definitions make sense. Gray's Paperback This tap book is difficult to follow. Paperback This is a must read for a tap dancer. Paperback Good book with fraction of the new book cost. Paperback Very good book received promptly. Paperback Easy to read Paperback Soulful book of basic tap. Paperback Just started reading it. Love it !!! Very easy to understand. Paperback
