

Super Founders: What Data Reveals About Billion-Dollar Startups : Tamaseb, Ali By Ali Tamaseb

Super founderslist

Super Founders uses a data driven approach to understand what really differentiates billion dollar startups from the rest revealing that nearly everything we thought was true about them is false! Ali Tamaseb has spent thousands of hours manually amassing what may be the largest dataset ever collected on startups comparing billion dollar startups with those that failed to become one 30000 data points on nearly every factor: number of competitors market size the founders age his or her universitys ranking quality of investors fundraising time and many many. **Super founders grotesk** Just to mention a few: Most unicorn founders had no industry experience; There's no disadvantage to being a solo founder or to being a non technical CEO; Less than 15% went through any kind of accelerator program; Over half had strong competitors when starting being first to market with an idea does not actually matter. **Super founders card** The book includes exclusive interviews with the founders/investors of Zoom Instacart PayPal Nest Github Flatiron Health Kite Pharma Facebook Stripe Airbnb YouTube LinkedIn Lyft DoorDash Coinbase and Square venture capital investors like Elad Gil Peter Thiel Alfred Lin from Sequoia Capital and Keith Rabois of Founders Fund as well as previously untold stories about the early days of ByteDance (TikTok) WhatsApp Dropbox Discord DiDi Flipkart Instagram Careem Peloton and SpaceX. **Book Super founders federal** Packed with counterintuitive insights and inside stories from people who have built massively successful companies Super Founders is a paradigm shifting and actionable guide for entrepreneurs investors and anyone interested in what makes a startup successful. **Super founders grotesk** Super Founders: What Data Reveals About Billion-Dollar Startups : Tamaseb Ali Ali Tamaseb is a partner at DCVC a highly reputable VC firm in Silicon Valley with over \$2 billion under management and investments in over ten billion dollar startups. **PDF Super founders fcu** Why a 3 out of 5: If you already have a decent understanding of the startup ecosystem and the venture capital world this book probably contains 3 4 surprising data points for you. **Super Founders pdf filler** If your expectation is to deep dive into a copious amount of data and be amazed by what that data reveals a promise that seems kind of implied in the book introduction you will be disappointed. **Super founders book review** Things like the age of founders when they founded the company their level of education their sector their experience level their domain knowledge the amount of funding and the number of years it took them to reach their billion dollar status. **Super founders book** 320 pages A must read if you are working on a startup failures pivots to success! Thank you Ali a refreshing read on super founders! 320 pages One of the best and most eye opening books in the entrepreneurship world: **Super founders fcu online** You will also hear the stories of the early days of billion dollar startups first hand, **Super founders grotesk** He holds several leadership and board positions at companies across the U: **Super founders fcu online** Ali was an honoree of the British Alumni Award of 2018 by the British Council and Imperial College Presidents Medal for Outstanding Achievement, **Book Super founders insurance** Ali and his work has been featured in BBC TED Guardian Forbes Fortune Inc: **Book Super founders** The Telegraph among others and he has given talks and appeared on panels at major events and conferences: **EPub Super founders card**

This book is a 3 out of 5 or a 4 out of 5 depending on your initial knowledge of the startup world and

your expectations: **Book Super founders federal** This is especially evident in the third part of the book dedicated to venture capital and fundraising. **Book Super founders classical** There are very few insights and nothing that you cannot find by reading the public blogs of famous venture capitalists, **Book Super founders insurance** Why a 4 out of 5: if you are new to the startup world and are considering founding a startup this book is wonderful, **Book Super foundersfcu** It will dismantle certain preconceptions you might have and will convince you through data that you can build a billion dollar startup too no matter your circumstances, **Gender-identity Super founderscard** Some of the most valuable parts of the book are the interviews with famous founders at the end of each chapter: **EBook Super foundersfcu** It really helps you contextualize and corroborate the insights that come from collected data. **Kindle Super founders** Similar comment for the writing style: almost every page of statements is supported by real world examples of billion dollar startups and their founders. **Book Super foundersfcu online** It really gives a lot of additional credibility to what you are reading and builds great confidence: **Super foundersfcu online** If you are this type of reader (new to the startup world) the third part of the book which I criticized above is an exceptional part: **Super foundership** It doesn't matter that it contains little data driven insights: **Super founderslane** It gives you a starting point that you can further expand with books like The Business of Venture Capital, **Super foundersgrotesk** A few years from now it would be really good to see a second edition with data points and considerations about exits from 2010 to 2020: **Book Super founders** I had many misconceptions and biases in the back of my mind about billion dollar startups and their founders. **Super founders book** And on what basis their valuations and different funding rounds happened: **Kindle Super founders insurance** Well no evidence is stronger than real data and statistics to make a pretty accurate judgment on these topics: **Super founderslist** S to the point concise engaging and rich with insights conferred by thorough analysis. **PDF Super foundersfcu** It helped me discard all the biases and misjudgments I had on how top billion dollar companies are started and succeeded in the last 2 decades: **Kindle Super founders insurance** A lot of profound insights about unicorn startups which one can hardly find in any other place all in one in a single body of work. **Gender-identity Super founders classical** I'm a unicorn founder myself and was impressed by how accurate and striking the insights in this book are, **Super Founders ebookee** 320 pages ☐☐☐☐ Very insightful read couldn't put the book down.And what he found looked far different than expected.S. and globally. No . Not because there's no revelation but because you'd expect . 320 pages This book was a big revelation for me.I loved the writing style of the author. no B.Best business book I read this year. It really empowered me. Pretty solid and as scientific and objective as possible. Very well done to Ali. Highly recommend it to any entrepreneur. 320 pages.
