

Super Founders: What Data Reveals About Billion-Dollar Startups By Ali Tamaseb **Super foundersuite login** Super Founders: What Data Reveals About Billion-Dollar Startups I ordered this new in hardcover and it arrived today looking like it's been through battle.

Super Founders pdffiller

Very insightful read couldn't put the book down. **Super Founders pdfescape** I believe the author wants us to double down on our strengths then focus our resources on other things like creating the technical expertise you might need or merely courting the attention of the right VCs. **Epub Super foundersfcu** Super Founders: What Data Reveals About Billion-Dollar Startups In a very pithy data driven approach Tamaseb provides very valuable observations on almost all prevalent typical advise dispensed for entrepreneurs across all stages of a start ups life (and demise). **PDF Super founders** In the first part the author addresses issues related to the age educational background prior experience (corporate and start up) and its impact (if any) on a start up's probability of success. **Book Super founderscard** The third part's focus on fund raising and external factors that impact ability to raise also provides a very valuable checklist for anyone trying to raise funds seed or growth stage. **Super foundersx** Each chapter is mostly structured around one core myth/advise/hypothesis a data analysis (retrospective simple descriptive statistics) and a set of observations along with some practical advise on that topic. **Super Founders epub reader** The interview in each chapter is actually a very focused narrative by a successful founder/investor that reinforces the key message in the chapter (no extraneous stories about personalities and drama). **Kindle Super foundersfcu online** Super Founders: What Data Reveals About Billion-Dollar Startups Super Foundersuses a data driven approach to understand what really differentiates billion dollar startups from the restrevealing that nearly everything we thought was true about them is false!Ali Tamaseb has spent thousands of hours manually amassing what may be the largest dataset ever collected on startups comparing billion dollar startups with those that failed to become one30000 data points on nearly every factor: number of competitors market size the founders age his or her universitys ranking quality of investors fundraising time and many many. **PDF Super founders classical** Just to mention a few: Most unicorn founders had no industry experience;Theres no disadvantage to being a solo founder or to being a non technical CEO;Less than 15% went through any kind of accelerator program;Over half had strong competitors when starting being first to market with an idea does not actually matter. **EBook Super founderscard** The book includes exclusive interviews with the founders/investors ofZoom Instacart PayPal Nest Github Flatiron Health Kite Pharma Facebook Stripe Airbnb YouTube LinkedIn Lyft DoorDash Coinbase andSquare venture capital investors likeElad GilPeter ThielAlfred LinfromSequoia CapitalandKeith RaboisofFounders Fund as well as previously untold stories about the early days of ByteDance (TikTok) WhatsApp Dropbox Discord DiDi Flipkart Instagram Careem Peloton and SpaceX. **Super Founders ebookee** Packed with counterintuitive insights and inside stories from people who have built massively successful companies Super Foundersis a paradigm shifting andactionableguide for entrepreneurs investors and anyone interested in what makes a startup successful. **Kindle Super founders insurance** Super Founders: What Data Reveals About Billion-Dollar StartupsAli Tamaseb

is a partner at DCVC a highly reputable VC firm in Silicon Valley with over \$2 billion under management and investments in over ten billion dollar startups. **EBook Super founders classical** The book is well written and structured but it is very schematic:: Each chapter explains some aspects of the way of becoming a real big company really fast explores some data to perhaps discover some mitigating circumstances followed by an 'interview' which is actually of a personal story of one of the rich and famous the book is all about. **Super Founders epub reader** While the book is peppered with a lot of interesting anecdotes and Trivia it lacks really any eye popping insight It really makes you feel that the book was put together in a rush. **EBook Super founders Super Founders: What Data Reveals About Billion-Dollar Startups Inspirational Super Founders: What Data Reveals About Billion-Dollar Startups Taking a data first approach to understanding what drives successful start ups and importantly de bunking a lot of myths is essential to know,**

EPub Super founders insurance

A practical checklist to manage the experience and importantly inform a reader on what advise or myth to dismiss: **Super founderstalk Super Founders: What Data Reveals About Billion-Dollar Startups One of the best and most eye opening books in the entrepreneurship world, Book Super foundersfcu** A lot of profound insights about unicorn startups which one can hardly find in any other place all in one in a single body of work, **Super Founders epub.pub** I'm a unicorn founder myself and was impressed by how accurate and striking the insights in this book are. **EBook Super founderscard Super Founders: What Data Reveals About Billion-Dollar Startups Great book for an entrepreneur who's starting her new journey. Super Founders booklet** Meaningful insights from the most successful businesses around the world: **Super Founders kindle** Update: I could not stop listening to this book till I finish: **Book Super founderscard** So far.

Book Super foundersfcu

The one who things has a shot at a billion dollar valuation: **Super Founders ebook** The one that wants to know how investors think and what aspects are important to hockey stick like growth: **Kindle Super founders online** The rest of us is better off with the Collins and the Gladwell to get started on extraordinary results: **Super Founders ebooks free** Super Founders: What Data Reveals About Billion-Dollar Startups If this book doesn't give you all the insight you need to be a well informed founder then you're naturally stupid, **Super Founders pdf reader** Super Founders: What Data Reveals About Billion-Dollar Startups This was exactly what I was looking for! The author does his due diligence and comprises precisely what you want: **Super Founders booker** Enumerates all of the qualities that would result in one being a Founder. **EPub Super founders** Though he does say past performance doesn't predict future success, **PDF Super founders day** The author gives an overview of the market threats and type of funding each of these startups had. **Book Super founders online** My inference is that this is because every founder and company will have a unique make up and some associated biases: **Book Super founders classical** So it makes sense that for some founders starting at a young age afforded them a billion dollar company but not so much for others, **EBook Super foundersfcu** It just depends on the unique circumstance and maximizing their strengths privileges' etc. **EPub Super founders classical** Obviously if someone's an extreme introvert they emigrated from another country and don't have family and they hardly participated in college. **Kindle Super founders** One word of caution though you are likely to gain from this book if you are active in the start up space in any capacity founder/employee/advisor/investor. **EPub Super founders day** (Almost all advise I have received in these topics turn out to be questionable), **Super founderstalk** In the second part the focus shifts to ideation product market fit decisions on pivots (excellent chapter worth reading this book just for this short chapter) and differentiation: **Super Founders kindle books** A start up evaluating the right product market fit and/or deciding on adjacencies or risk management strategies will benefit significantly from this discussion, **Super**

founders book review In each part a pithy and well focused chapter addresses exactly one topic without any stories for entertainment. **PDF Super founders day** Overall this book along with a recent Eisenmann book (Why Start Ups Fail) will provide any entrepreneur or one aspiring to be one this is one of the best if not best. **Super founderspro** The author also included interviews from the most influential venture capitalists like Peter Thiel how they evaluate startups and entrepreneurs from a VC perspective, **Super founders book review** One thing I can't appreciate enough is how less "sophisticated" this book is, **Kindle Super founders online** The entire book is easy to read with no unnecessary technical jargon to look "smart, **Super founders book review** I made many mistakes in the past few years running my business: **EBook Super founders online** I wish I had the opportunity to learn the things in this book earlier. **EBook Super founders insurance** You will also hear the stories of the early days of billion dollar startups first hand. **EPub Super founders** He holds several leadership and board positions at companies across the U, **Super founders book review** Ali was an honoree of the British Alumni Award of 2018 by the British Council and Imperial College President's Medal for Outstanding Achievement: **PDF Super founders** Ali and his work has been featured in BBC TED Guardian Forbes Fortune Inc. **Kindle Super founders insurance** The Telegraph among others and he has given talks and appeared on panels at major events and conferences, **Book Super founderscard** Reading the description I expected something along the lines of Jim Collins Good to Great or Malcom Gladwell Outliers and was somewhat disappointed: **Super founders book review** I would recommend this book to the ambitious entrepreneur banged up and with a barcode sticker added and then torn off leaving a sticky residue. **EBook Super founders** Ali has delivered an extremely well researched and well written book that was a pleasure to read. Pretty solid and as scientific and objective as possible. Very well done to Ali. Excellent book for founders in the growth stage. Good storytelling. Easy to read and listen to. 90% of my purchases are books. Thanks. Highly recommend it to any entrepreneur. However for me at least I'm willing to take that risk. A lot of his data comes up with trendless results. obviously they're positions to be a solo founder." To the point and great storytelling. And what he found looked far different than expected. S. and globally. Not my cup of tea. Super Founders: What Data Reveals About Billion-Dollar Startups.
