The Art of Star Wars: Jedi Fallen Order : Lucasfilm Entertainment Respawn You certainly can't fault the quality or presentation of this limited edition of the Art of Jedi Fallen Order. My only real criticism of the book is that it is light on text and would have really been strengthened by commentary from the developers and concept artists who worked on the game. At that price for fans of the game it's a steal but even at 30% off the RRP I would recommend any serious Star Wars / Fallen Order fan who enjoys art books pick it up. With detailed concept art of all-new characters exciting weapons and equipment and locales both familiar and new this tome offers a behind-the-scenes look at the production of a hit game all accompanied by intimate artists' commentary that reveals how this incredible universe is brought together. The Art of Star Wars: Jedi Fallen Order : Lucasfilm Entertainment Respawn A recommander à tous les fans de Star Wars même ceux n'ayant pas d'intérêt particulier pour le jeu vidéo en lui même cet artbook est riche en illustrations et croquis préparatoires. Il y a peu de texte mais le plaisir est ailleurs tant le livre nous transporte The Art of Star Wars: Jedi Fallen Order : Lucasfilm Entertainment Respawn Très beau art of sur le jeu ! The Art of Star Wars: Jedi Fallen Order : Lucasfilm Entertainment Respawn There's not allot to say really apart from how great this book is fallen order is probably one of the most amazing games to be released this year so I had to get the book 240 pages of glorious full colour art work there's not allot of text in this book its mainly page after page of nice art ranging from level design to every character and creature design a beautiful hard cover too a must for star wars fans out there: A galaxy-spanning adventure awaits in Star Wars Jedi: Fallen Order.

The Art of Star Wars books are always great and this is no exception: If you're a big fan of the game and this kind of Star Wars book in general this is well worth picking up, The Art of Star Wars: Jedi Fallen Order : Lucasfilm Entertainment Respawn Very lavish and informative book with many illustrative images excellent designs and concepts, Not the cheapest of books but if you are a Star Wars fan this is a great addition (in my opinion). Housed in a sturdy slipcase with an almost faux moleskin finish and decorated with symbols familiar to anyone who has played the game it's a classy looking package, The design is replicated on the cover of the book itself with the colours transposed to counterpoint the outer sleeve. The included smart lithograph print is housed in a separate sturdy folder for either storage or display and is a great addition to the overall package, The pages are thick quality paper and there's a host of concept images that give you a real sense of how the game changed visually during it's development, I managed to pick up a copy through at 50% off making it only a little than the standard edition. The Art of Star Wars: Jedi Fallen Order : Lucasfilm Entertainment Respawn Received this super fast delivery was quick and the item was packaged

securely and in perfect condition: In terms of the artbook itself it's not bad but not the best artbook I've had. It holds up well for a contained game that the Jedi: Fallen Order is. I love concept art creature design and costumes when it comes to artbooks and this does a good job but not a huge variety. Good creature designs though and landscapes which is its strong point, I love Star Wars artbooks and books in general so this is a fine addition to my collection: The Art of Star Wars: Jedi Fallen Order : Lucasfilm Entertainment the new action-adventure videogame from Respawn Entertainment, Explore the artistic creation of Cal Kestis's quest to rebuild the Jedi Order as he learns the ways of the Force travels to exotic worlds and battles tyrannical foes.
