## Book Progressive Exercises for Flamenco guitare

Written in standard notation and tablature. **Progressive Exercises for Flamenco guitarists**  
Progressive Exercises for Flamenco Guitar

Maybe it's early days but I'm not overjoyed with this book Have done a bit of flamenco stuff on and off for uite a few years and thought this might really take me to the next level Am currently finding it a bit boring and repetitive I'm not hugely motivated to keep doing exercises as I don't really think they are that interesting There's no real explanation of how to improve techniuue to achieve for example the speed at which pieces are supposed to be played so in a sense you can either do it or you can't Now I realise you can actually listen to the tracks before you buy it I would have listened and decided it wasn't for me Progressive Exercises for Flamenco Guitar.
