Cycle 1 Companion Notebook: Weeks 1-12 My kids love using this to study CC memory work. This is  
for Weeks 1 12. This is to respect CC copyright. A Foundations Guide is required to complete any  
page. It was a little too much for my kindergartener. But great for my 3rd Grader and would buy  
again. Please continue publishing these we will be loyal consumers. This is a super option to help  
review CC memory work. Worth every penny to me. Cycle 1 Companion Notebook: Weeks 1-12
