The book also contains a number of photographs – some public others look a lot more private – and is laid out in descriptive chapters which have an easy flow to them. **PDF The Bodyguard's storyline** The only thing that I found a little off-putting was the style of switching from past to present tense rather abruptly and only explaining after that somebody was thinking this and that and/or doing something at the time. **The Bodyguard's Story ebook reader** Overall however it appears to be an honest narrative of a very private man being caught up in very public goings on involving the Peoples' Princess a very rich foreigner with desperate needs and his son. **The bodyguard book book** It confirmed many of my own thoughts on the responsibility of those giving orders re the departure and driving that night plus it debunked the rumors re the possibility of an engagement. **The Bodyguard's storyline online** I also had not realised how much time Diana and the boys had spent with the Fayad family in the previous month they had all holidayed on the yacht and the boys were a similar age to Dodi's half-siblings. **The bodyguard's storyi instagram** The Bodyguard's Story: Diana the Crash and the Sole Survivor

Only two parties as far as I could see: firstly the surgeon Dr Luc Chikhani who spotted and achieved a truly remarkable and well-deserved career-assuring success in reconstructing Rees-Jones' face; and secondly albeit through a desperately tragic and horrific series of events TRH The Princes William and Harry who lost a woman whom they alone knew as a wonderful mother; but who have both since gained stability love and bright futures which they might not have otherwise known. **The Bodyguard's Story epubor** As I read Rees-Jones account of his days with Diana and the dramatic events leading up to the crash I felt as though twenty years had disappeared and it was fresh news again. **Kindle The Bodyguard's story book** The Bodyguard's Story: Diana the Crash and the Sole Survivor The Bodyguard's Story is the story of the fatal crash that claimed the life of Princess Diana the Ritz driver Henri Paul and Dodi Fayed told by the only survivor of the crash Trevor Rees-Jones:

. That's says a lot about Trevor (or his lawyers). Yet after reading this book I'm now 50/50. Anyway I feel for Trevor. For everything he has had to go through. Weird. And that's a good word for this endeavor. And boy were the Al-Fayeds just awful. Knew that already of course but so so awful. Not well written and probably written too soon afterwards. Miraculously Trevor survived. A normal life was no longer an option. Sorry to say it was a poor read. Way too much detail on trivial aspects of the story. Plan ahead and avoid alcohol if necessary. Henri Paul and Dodi Fayed were already gone. It's a time I'll never ever forget. A compelling and riveting book to read. It not well written. Instead of a thinker he's a doer. A solid read
