

The Brook Street Collection: Brook Street: Thief\Brook Street: Fortune Hunter\Brook Street: Rogues (Brook St. Trilogy) By Ava March **The Brook Street Collection ebooks free** Definitely 4 stars for that one! The second book starts somewhat slower and I have to admit that I put it away several times especially because one of the main characters Julian who comes to London to find a rich heiress to marry is not very likable. **Historical Fiction The Brook Street collection letter** The story is dumb and absolutely predictable (which probably is a funny thing to say because in almost every M/M romance the question never is if but how and when the happy end will happen). **Book The Brook Street collection by john** They do share their bed from time to time and have been best friends forever until Robert decides he might not be as straight as he thought after all and makes a proposal to Linus to become exclusive lovers. **Book The Brook Street collection book** I bought the book as a collection (#1-3) but if you have a choice I recommend to buy the first one and enjoy it then you can easily forget the rest! 336 Loved all three stories loved all the match ups. **The Brook Street collectionye** Overall an excellent read! 336 A great collection by Ava March! 4. A keeper that I will read again and again.A very disappointing 25 stars for this one. 336 Solid collection of m/m historical romance novellas. The characters are so well-defined. It's sad and elicits all the feels. I love the camaraderie between these two delightful friends. I can feel their friendship. He wants Cavin. Ben is there when he needs him. Spurned by family he just needs someone to want him. See what you think everyone likes something different. I'm a hopeless romantic. So I'll never stop reading these tales. :)=====The third story is ROUGES. =====. Linus and Robert such great friends with occasional benefits. Wonderfully hot sex you find yourself cheering them on.
