

## Using Dreams to Renew the Mind By Timothy Jorgensen

We spend approximately one-third of our lives asleep without fully realizing or believing that God wants to be involved with this portion of our bodily rest through our dreams. The question is when we get these downloads during our sleep do we know how to interact with these dreams correctly? And are all dreams from God? Too many times dream books and teachings get pretty spooky and mysterious. We want to avoid giving the two extremes that every dream is filled with fantastical symbolism or on the other hand that every dream is easy to understand what is clearly happening. What this concise e-book WILL do however is basically walk you through four types of dream categories and encourage you how to use each dream to renew your mind sharpen your spirit and leverage yourself in your circumstances. In this e-book the author explains how dreams are another tool from God to reveal the subconscious and how to deal with these deeper parts of you: Dreams are also a vehicle that God will use to bring gifts and information to you, When your spirit is connected to God there can be a constant downloading of resources for whatever you need to live out your destiny, Both Old and New Testaments give many stories of how dreams were used in people's lives to guide warn and bless others, This e-book has great examples and testimonies that will further help you use this arena of dreams as a training ground and make them your tool to further your destiny.
