

Her Gentle Capture (The Alfieri Saga, #2) By Elizabeth Lennox The blurb was not misleading for me and I like that a lot :) QUOTES: Lucifer was reportedly a very beautiful angel and look where he lives now! "I think I'm in love with you. Her Gentle Capture (The Alfieri Saga #2) Great start to the series Although the preceding Novella is technically the first book in this series it involves the parents an older generation so I consider it as a kind of prologue to this series. Safe?3/5 Her Gentle Capture (The Alfieri Saga #2) It's not my favorite and we're only just getting started Adriana hates her boss or so she may believe but when the sexual chemistry and her wayward thoughts can no longer tamed will they come together and smolder or will they crash and burn. Yes he was obsessed with her but why didn't he recognize his feelings for her? How is that they didn't address the fact that she's sleeping with boss? Why didn't they have some important conversations before that foolish blow up? I am still interested in reading the remaining stories of the Alfieri family but this one was really lacking. So why does she become so angry when he tells her he won't share her with anyone else? Such a man thing to do specially if he is used to get his own way. Adriana was very innocent because of her family (I guess) she was to sheltered. I like the way she battle with herself try to solve her own problems by herself, I would have shouted to Mitch a lot of stuff if I was her after that night they spend together and what he said to her: I respect her aproach she was angry and she was not going to tell him what he did wrong, I'm interesting to see how the other brothers will do with their lives so I will keep reading this series, My reason for giving 3 stars? Because the book was good but wasn't up to my expectantions for a higher rating, I did expect a light reading romantic even some mistery some stuff that I did get and enjoy, " He was furious with that admission and glared down at her: She gripped her hands together trying to react slowly and with common sense this time, "Well how about if you let me know when you're sure?" she suggested Her Gentle Capture (The Alfieri Saga #2) I liked this book very much, 5 □ Her Gentle Capture (The Alfieri Saga #2) Sweet and beautiful book, I like Adriana but she created all her problems in her head IMO: I got a little irritated when she just wouldn't let go and was a little bratty too: But i guess it was also good that she let Mitch grovel a little: Her Gentle Capture (The Alfieri Saga #2) SWEET!!! Her Gentle Capture is a really adorable book to read, Just the thought of another man touching you made me almost insane this morning. Oh Mitch is very POSSESSIVE and I would've loved to hear more about his background but unfortunately we don't, Which means I consider this to be the first in the Alfieri Series: I loved watching Adriana discover her passion and love for Mitch and loved watching Mitch stumble his way to realizing his love for Adriana: I highly recommend this book and series to all who love contemporary romance books: Her Gentle Capture (The Alfieri Saga #2) Her Gentle Capture is the story of Adriana and Mitch: A sweet boss/secretary romance in which the innocent and frazzled heroine finds herself attracted to her brooding boss soon realizing that he is equally into her: After some food bribes pursuit and heated kisses they end up between the sheets. only for misunderstandings to arise and hero mistaking the heroine to be a different person: Some running away groveling and drama later things are resolved in a supposed HEA, Adriana came across extremely naive and almost childish at times. While I appreciate that all 24year old women aren't familiar with the wilds of the world she was extremely naive about her body and her sexual feelings, it made me really wonder if this is true in real life, I never understand when a woman doesn't disclose that she is a virgin. What really irritated me about the story is the lack of background on Mitch. If she daydreamed about him one more time i was going to scream. Her Gentle Capture (The Alfieri Saga #2)

Adriana hates Mitch as a boss but can't keep her eyes off of him, He drives her crazy wanting to go over every detail of her work but: she finds herself wondering what he looks like underneath his impressive suits, How is she to maintain her dislike of the man when her body is telling her that she is lying to herself? Mitch is blown away by Adriana. His attraction to her can no longer be ignored and he senses that she feels it too, He finally breaks down her defenses countering all of her arguments about why they shouldn't be together and showing her in great detail how incredible they are together, Her male lead characters are smart driven and determined but can still be sensitive and vulnerable. Elizabeth's female lead characters come from a variety of backgrounds, They are strong intelligent and independent while still feminine and caring, Although she wanted to be a romance novelist since the eighth grade that dream only became a reality for her in 2009 and a full time job in 2012. A great time again Elizabeth. I liked the people in the book too. Her Gentle Capture (The Alfieri Saga #2) 3. Mitch is hot and has a good heart. It's nice to see Dylan and Adriana all grown up. Adriana and Mitch are delightful characters. You make me crazy jealous Adriana. You blew me away Adriana. You weren't like the others. You didn't fit into the mold I wanted you to be in. You're so different and it scares me.I really enjoyed the book nevertheless. A nice low angst romance which ends rather abruptly. Naive heroine obsessed hero averagely hot lovemaking.Enjoyed it in parts. I didn't really care for this story. This is extremely important.knowing his family upbringing would have given him some depth.Here's to hoping that the other books are marginally better.7 million copies.
