

Susan B. Anthony: A Biography of a Singular Feminist By Kathleen Barry **EBook Susan B. anthony's** Anthony as a champion of women's suffrage and also knew she was an abolitionist but you don't know just how impressive she was until you learn more about her! Anthony is one of those historical figures who sounds almost like a modern day person dropped into the past arguing what now sounds like common sense to a culture that hadn't yet figured it out. **Susan b. anthony's life** Her larger than life personality really jumps off the page and I had to laugh to realize how much of a force of nature she was for the women who knew her and adored her. **Susan b anthony books for kids** Anthony was so dedicated to the women's cause that sometimes it manifested as being indifferent to other causes (abolition workers' rights etc) and other times manifested in ways that made people from respectable society shun her (eg. **Susan b. anthony quarters** I knew a lot of the things like not being allowed to own property not having the right to vote etc but I had no idea of the institutional disregard for women especially poor women and their safety. **PDF Susan B. anthony's** I think it could have benefited from another editing read-through (there are some strangely worded sentences and a misspelled word) and I felt that the author may have given a biased or cherry picked interpretation of the facts but I also feel like she gave us a valuable point of view of history that is often overlooked. Anthony: A Biography of a Singular Feminist Kathleen Barry is an American sociologist, **Susan b. anthony relevant date** She cofounded the United Nations NGO the Coalition Against Trafficking in Women (CATW): **Did susan b anthony write a book** I enjoyed learning more about the organizing and work of Susan B Anthony: **Susan B. Anthony pdf download** I definitely came away inspired and full of wonder about my own work as a feminist and what sort of legacy is left by the choices we make. **Susan b anthony website** I appreciate Barry's focus on the female relationships that sustained Anthony though wish there was more to emphasize her lesbianism and lovers she had: **Susan b. anthony organization** As a history major in college it's a bit embarrassing to admit that I knew very little about Susan B. **Susan b. anthony and elizabeth cady stanton** (in my defense my area of concentration was Ancient History and the Classical World but anyway: **Susan B. Anthony epub air**) Before reading she was just a name or a historical fact I knew or maybe the face on a weird-sized and shaped dollar coin that came out in 1979, **Susan b. anthony one dollar coin** That has certainly changed as I feel like I've gotten to know her over the past couple weeks when I was reading this biography. **Susan b. anthony recovery center** So much so that I felt myself getting a little emotional in the final chapter when she was obviously approaching death, **Information on susan b anthony** A tireless worker completely devoted to her cause - a cause pursued not just for herself but also on behalf of others. **Susan b. anthony photo** Definitely someone to look up to for all people not just half the population: **Susan b. anthony book** Although she made some compromises of her values later in life in pursuit of her political aims she was personally incredibly true to her beliefs. **Susan B. Anthony epub images** The phrase kicking ass and taking names has never applied so perfectly to anyone as Aunt Susan, **Epub Susan B. anthony books** As a woman I feel like this was a very valuable read for me, **Susan b anthony website** I was surprised that there weren't more books out there about Susan B, **Susan b. anthony book** Anthony (this is the most recent one I could find that wasn't written for children), **Susan b. anthony relevant date** The first bit was pretty academic and read like a college lecture but as the author warmed to the subject I was more engaged and actively interested in the subject matter: **Susan b. anthony trivia** I didn't realize how intertwined it was with the abolitionist movement (up to the Civil War) and I enjoyed learning about the abolitionist movement from a different perspective, **Susan b. anthony was arrested for** The author is very pro-Anthony; in her discussion of the controversies surrounding Anthony she always takes Anthony's side: **Susan b. anthony main contributions** when she defended fallen women as being victims of male dominance, **Susan b. anthony relevant date** Wyoming territory enfranchising women is not mentioned chronologically but 20 years later when they become a state and only one paragraph is dedicated to it, **Susan b. anthony museum and house** I was surprised that the author didn't directly reveal Anthony's thoughts and feelings about the four states that enfranchised women before her death: **Epub Susan B. anthony dollar** I believe it was important to her but the only evidence of it in the book is the

American flag pin that she wore: **Susan b. anthony information** It only had 4 stars (one for each of the states with women's suffrage): **Susan B. Anthony epub** Some of the horrors against women I learned about in this book really brought home to me how poorly women were LEGALLY treated: **Susan b. anthony quarters** I am amazed that people today do not talk of how women were oppressed and exploited though I am glad that women do raise awareness of our current issues[1]

Susan B. English Really great read. Anthony before reading this book. :-) English I've always thought of Susan B. English 3.5 stars. I enjoyed learning about Susan B. Anthony and the early women's rights movement. Some of the stories are pretty heartbreaking). English Very inspiring. Scholarly but very accessible. There is lots of commentary. I think I will read some of her actual writings next. English
