

Dirty Tactics (The Dirty Thomas Siblings, #1) By Emma Salah **Dirty tactics in politics** The style and humour reminded me of Kristen Ashley or Christina Lauren and the characters really feel like they go on a journey together and I can't wait for the next book! I hope it isn't far away. **Dirty pc setups** The book is definitely focused on the characters and their wants and it includes a bunch of fun siblings and friends that make it feel like a real world and not just plot points for main characters. **Dirty tactics social media** English Full RTCGood debut work with parts I loved - the trope is conflict laden to give the story its own spice but these two were literally hot for each other

Emma Salah spent her childhood climbing mountains killing (or petting) dragons and sneaking romance novels into her bedroom as a teenager. **Dirty sales tactics** A trial period in which hockey superstar Zac Quinn will prove to Reagan Thomas—his best friend's younger sister and the one woman he can't seem to keep his hands off of—that they can't possibly date for real. **Dirty tactics in negotiation** Dirty Tactics is heartwarming and full of feels some painful some very sexy but it will give you the happily ever after you have been rooting for! English I really really wanted to like Dirty Tactics the debut book from Emma Salah but I found it a struggle to get through. **Dirty tactics in politics** I liked the female MC's family and the strong bonds with her brothers and I liked all of the sporty men but I wished we had more technical sports content so it didn't just feel like a random profession. **Epub dirty tactics free** There are issues for both Reagan and Zac to deal with and although there isn't some big romantic gesture between them I still liked the way that this one unfolded and played out. **Dirty tactics social media** I liked how the way they acted and reacted made sense considering their backstories and traumas and that they didn't acted out of character and that the drama wasn't for dramas sake. **Dirty tactics in boxing** The secondary characters were ok if a bit less well sketched being secondary' my favorite being Dean who was a riot! Am also intrigued by Callum that I would love to read more about more than Aidan and Letty actually. *Copy provided in exchange for an honest review*goodreads|instagram|twitter|blog English First off I have to say wow to this book if I could give it more stars I would. **Dirty tactics social media** This book was at times a tear jerker and at times arousing and all through the book it was very hard to put down: **Dirty tactics social media** The tension between zac and Reagan kept throughout the whole book like a love hate relationship, **Dirty tactics quotes** You could feel all the emotions in this book as if you were there. **Dirty tactics social media** English Dirty Tactics by Emma Salah5 starsM/F Romance - friends to loversI was given this book for an honest review by Wicked Reads: **Dirty pc setups** She is good at her job and knows how to do it.

Dirty Tactics work: **Dirty sales tactics** I have zero shame in admitting to committing some of the moves mentioned in the book, **Dirty tactics social media** (Smirks proudly) I find that a determined woman can be very successful. **Dirty tactics in boxing** (Smirked enough that my dimples pop) No shame in her game Reagan is going to dish out more than Zac can deflect. **Dirty tactics social media** I'm usually a total sucker for a hockey book so I was excited to try this one. **Dirty tactics synonym** the plot seemed really interesting from the summary so I decided to take a chance on a new author (something I rarely do). **Dirty tactics kindle download** Look I've read almost 2000 romance books so I'm picky and I have my pet peeves. **Dirty tactics social media** And to be honest this book pushed a number of my buttons and not in good ways. **Dirty tactics in negotiation** I don't love when books have lots of flashbacks interspersed in the storyline as I find it to be distracting and I don't often find that it adds anything to the story, **Dirty pc setups** I didn't like it here and I found it to be disruptive and oddly inserted in random spots. **Dirty tactics social media** I also really really struggled with the constant telling instead of showing that the author did with the characters' emotions. **Dirty tactics in boxing** I wasn't able to feel what these characters were feeling because it was just all spelled out for me. **Dirty tactics kindle download** There was also a lot of characters talking to themselves in their heads which just is another way to tell instead of show me feelings. **Dirty tactics social media** Right out the gate the male MC spansks her and goes BDSM-y in a closet without any sort of discussion beforehand when they aren't even dating or in a relationship: **Dirty tactics peyton banks** I'm big into consent and checking in with people and it just felt really random and almost old-school romance in a bad way. **Dirty tactics in boxing** I also didn't like how we were just thrown into these two mid-dynamic and we didn't get to really discover how these two evolved organically, **Dirty tactics social media** I know I'm focusing on the negatives but I think the author did some things right, **Dirty tactics social media** I love hockey romances for a reason! But I'm sure she'll still find her readership. Can't wait for the next one. Reagan is a strong woman. She currently resides in London. She currently resides in London. But Reagan has known they're meant to be since forever. She's not about to back down now. This book is approximately 70000 words One-click with confidence. Caring compassionate and feiry streak a mile wide. Plus. Make me feel it instead. I also struggled with some of the sex scenes. It felt like the middle of a story. She has known Zac forever. Zac knows that he should stay away from Reagan. Pursuing her could change his family dynamic. They banter easily and are fiercly protective of each other. This was such an amazing story.
