Paperback I liked that book a lot! As I said before.

. T.s Fields is author of this book. I like the book because I liked the book. I would recommend to my brother. I would recommend to him cause he likes books like this. So as can you see this is what my book is about. Paperback.

Battle of the books danger in the desert

Engaging story of survival. Old fashioned but engrossing. Nothing spectacular nothing particularly objectionable. except the ending. That was really what I call smart. The relationship the brothers have is very believable. A nice book for reluctant readers. Paperback Read to help my son with his book report. Good book that made me want to keep reading
