

There's a Woman (Guitar Face, #6) By Sasha Marshall **Theresa women's clinic** Jagger's heart is broken when the woman he loves marries his band mate (their story will be told in the previous books in this series and not having the background did not spoil my enjoyment of this book).

**Theresa women's clinic** Madison is different to any woman that Jagger has ever met and he is instantly intrigued and fascinated by her and is definitely happy to see that they are staying on the same island. **Theresa women's clinic** Although she has no idea who he is Madison is bowled over by this gorgeous man and she wonders if he is the man who her psychic Madam Zolna predicts she will meet and help. **Theresa women's clinic** Madison is a wonderful person.

Hopefully I have your attention because I want to shout what a fantastic book this is. **Theresa women's clinic** I have always loved Jagger (even while hating him at times) because he is a bad\*ss rocker who has been through the loss of a friend and the loss of a love and he still is the sexiest man there is.

**Theresa women's clinic** At meeting Jagger for the first time she has no idea who he is but she likes what she sees and just maybe he is the man that Madame Zolna told her she would meet to help mend him. **Theresa women's clinic** 249 Shes back people! Marshall's phenomenal Guitar Face series now has a book 6 and I wish I could've done a few cartwheels across the room when I found out it was coming!! In my opinion this book- There's a Woman is a continuation of a truly amazing rockstar series and not a standalone. **Theresa women's clinic** To read this without the benefit of the other 5 books in your rearview mirror would be a shame as you'd be missing the total experience-a binge that will leave you breathless with tears pouring down your face one minute and then laughing your ass off in the next. **Theresa women's clinic**

**Theresa women's clinic** Her story will pull you in take you all over the world and then back to her roots in Macon Georgia where her family by blood and the ones chosen by fate live to make the music that deeply connects them all. **Theresa women's clinic pte ltd** They've been bonded forever by friendship music loss and above all else- love in all its forms and the heavy baggage that sometimes comes with allowing others to burrow into your heart. **Theresa women's clinic pte ltd** \* So what's going on here in There's a Woman?? It's Jagger's story and I've been waiting a long time for my much loved character to find that special something or someone that could bring joy and love back into his life.

**Theresa women's clinic** Watching this gorgeous badass rocker wearing his heart on his sleeve for all to see maybe even pity and then go down the rabbit hole of painful loss and realization was hard to absorb at times. **Theresa women's clinic** What he discovers along the way on this journey that started out feeling like an ending was instead a new beginning- unexpected hilarious hot as hell enlightening frustrating priceless and the perfect antidote to repair Jagger's bleeding heart and

broken soul. **Theresa women's clinic pte ltd** Leave it to this sexy smoldering guitarist to stumble upon a woman who might be as wacky as Kip(!!!)- that could leave him speechless and amused would drive him crazy in ways he couldn't have imagined eased his worried mind and brought what was missing back into his life. **Theresa women's clinic** how will I survive???I discovered in the summer of 2019 after a sleep deprived week long binge of the 5 previous books that the talented Sasha Marshall will always have a permanent fan in me. **Theresa women's clinic** 249 I am late in coming to the Guitar Face series party but after reading the blurb on There's a Woman I had to take the chance of not being totally confused by the characters different in the way she lives her life but her giving heart makes her want to help others and she never flaunts her wealth and connections. **Theresa women's clinic** No one can write a rock n roll series like this author heartwarming sauce heartbreak drama monkeys and horse theft what more could you ask for?!The thing I loved most was that we got some actual lyrics to a song I absolutely adore that in a rockstar romance it really draws me in. **Theresa women's clinic pte ltd** They ensnare us with their lyrics and chords and this is so true so to have lyrics in a book is a mega plus for me I want to hear the words in my head and feel it in my bones it brings a whole new depth of emotion to what they are portraying. **Theresa women's clinic** After everything Jagger Henley and Kip have gone through ( You MUST read the entire series to know what I mean you can thank me later[]) Maison is the perfect antidote she's exactly what Jagger needed: I totally loved this story and had a hard time putting it down so I could sleep, **Theresa women's clinic** Madison is the wild child I would have loved to have been. **Theresa women's clinic** She is from a very wealthy and influential family but has been the black sheep for years. **Theresa women's clinic pte ltd** She refuses to conform and travels the world using her money to do good. **Theresa women's clinic** They meet on a plane as Jagger gets away from his band to take some time out for himself and Madison is called to a family reunion: **Theresa women's clinic** This is one of the most different and interesting rocker romances that I have read in a long time: **Theresa women's clinic pte ltd** Jagger seemed like the typical arrogant rocker but Madison soon changes him and opens his eyes to the beauty in the world: **Theresa women's clinic** This is one for the ages especially if you're a Guitar Face series follower, **Theresa women's clinic** We finally have Jagger's story and I have to say that it was like a fine wine...I just wanted to savor every moment of it and not have it end: **Theresa women's clinic** If you can handle heartbreaking lows and then find yourself laughing out loud it will only touch on some of the extreme feelings that this author knows how to write, **Theresa women's clinic pte ltd** There's a woman set in his path when he's at his lowest and she may be just what he needs: **Theresa women's clinic** Maison is a gypsy woman who is out to fix the world with a loving heart she wears on her sleeve. **Theresa women's clinic** I have to say that the Guitar Face series is my all-time favorite and with every book Ms: **Theresa women's clinic** Marshall writes it is always a gut wrenching.
